Dear Mr. Fehr:

Kerr-McGee Oil & Gas Onshore LP plans to drill the above oil and gas wells from the above described surface location. These wells will be more than 50 feet from an existing oil and gas well.

Rule 318A-c of the Colorado Oil and Gas Commission's Rules and Regulations requires any new twinning well to be located as close to such existing well as practicable. Please waive this requirement below showing your approval of the new wells being further than 50 feet from the existing well. Should you have any questions, please contact our office. Thank you for your consideration.

Very truly yours,  
KERR MCGEE OIL & GAS ONSHORE LP

  
Dave Haertel  
Landman II

I/we waive Rule 318A-c and approve the above described location.

William Walter Fehr Jr
