Dear Mr. Stieb:

The Colorado Oil and Gas Conversation Commission ("COGCC") has adopted guidelines and procedures regarding oil and gas activities affecting the surface. These rules stipulate that an affected surface owner must be given notice in writing by an operator at least thirty (30) days prior to drilling an oil and gas well.

SingleTree Resources, Inc. intends to begin operations to drill the caption oil and gas wells prior to May 1, 2011, subject to approval of title and receipt of permits to drill from the COGCC. As the surface owner, it is Chimney Canyon Grazing Association's responsibility to notify the tenant farmer, if applicable, of this proposed operation.

The COGCC's brochure for surface owners containing the rules pertaining to notice of oil and gas operations, reclamation, and opportunities for consultation thereon, as well as, the rules of procedure for filing complaints and making applications for hearings is available online.

Should you have any questions and/or concerns, please contact me at (303) 462-3604 or Mr. John Wells at Wells Petroleum (303) 526-5971.

Sincerely,

Tony Markve

Encl:

Chimney Canyon Grazing Association waives the 30-day notice referenced above and approves of the operations commencing upon SingleTree Resources, Inc. receipt of the drilling permits.
