**Subject:** Re: Erickson 2-5

Good Morning Ms. Prince. The oil spill on the Erickson was completely cleaned up in March 2008. After clean-up, a representative of the CO&GC inspected the site and placed his stamp of approval on the site clean-up. If I can be of any further assistance, please don't hesitate to call.

Thank you

William H. Spires

Subject: Erickson 2-5

Bill,

As we discussed on the phone, I am looking for confirmation from you that the release on 2/28/2008 at the Erickson 2-5 039-06427 was cleaned up. This is COGCC spill #2073072. If you have the original paperwork that was submitted documenting the clean up, that would be great. If not, just respond to this email with a brief description of what you did and when you did it.

Please call at 303-894-2100 ext. 5169 or 719-213-6109 if you have any questions.

I apologize for requesting a duplicate submittal – I'm just trying to get the paperwork straight and get this one taken care of.

Thanks for your help,

Nancy Prince
