Todd,

Based on the information submitted, COGCC approves the no further action request. The associated spill report (tracking #2213092) has been changed to closed status in the Colorado Oil & Gas Information System (COGIS). The Form 27 (Remediation #5741) has been approved and also changed to closed status in COGIS. A copy of the approved Form 27 is attached for your records. Please retain a copy of this email as verification of COGCC concurrence with the closure request.

Thank you for addressing the action items in the inspection and for your prompt response and documentation of cleanup associated with the release.

Sincerely,

John Axelson, P.G.
