Mr. Abell,

Based on the information submitted, COGCC requires no further action at this time in regard to the closure of Pit Permit #114048. Both the pit permit and Remediation #4986 opened to track remedial activities have been changed to closed status in the Colorado Oil & Gas Information System. Please retain a copy of this email as verification of COGCC concurrence with the closure request.

Thanks for your patience in our review of the documents. Please give me a call if you need any additional information.

Thanks,

*Nancy Prince*
