**RE: Rule 303.i (2) Special Circumstances for
Permit Issuance Without Full Notice
Lot 3 (NENW), Section 21, T12N, R62W
Randall Creek 12-21H
Document #400173272 Form 2, #400173361 Form 2A**

Dear Loyd Farms: *BBZ*

EOG Resources, Inc. is preparing to drill a well on your property in the NENW of Section 21, T12N, R62W. The well will be drilled under the terms of the Surface Use Agreement entered into between EOG Resources, Inc. and Loyd Farms. *BBZ*

To accommodate EOGs currently drilling needs, EOG is requesting expedited permit approval from the Colorado Oil & Gas Conservation Commission (COGCC). The COGCC may favorably consider our request to expedite the referenced permit if you, as the surface owner, will agree to waive the statutory 20-day notice, comment and approval period. Regardless of your consent to waive such statutory period, you will still be able to comment to the Commission on any related matter that you wish; in other words, this waiver does not waive your rights to comment. The waiver only waives the length of time within which such comments would need to be made.

Please don't hesitate to contact me if you have any questions or comments. Thank you for your consideration of this request.

If you agree with this request, please indicate your acceptance by signing the enclosed waiver.

Sincerely,
