Tom,

Based on the information provided, COGCC requires no further action in regard to the referenced spill and remediation. Both the spill report and remediation project have been changed to closed status in COGIS. Please retain a copy of this email as verification of NFA approval. An approved copy of the Form 27 is also attached for your records.

Thank you,  
John

John,

This site has been excavated, sampled, hauled and rebuilt. LT Environmental performed the site sampling and completed the form 27. Please let me know if you have any questions, or if you need anything further on this incident. Have a good weekend.

Thanks,
