Re: Surface Exception Location Consent
Directional Drilling Waiver
Anschutz Spring Lake 06-10H
Township 4 North, Range 62 West, 6th P.M.
Section 10: SE/4SW/4
Weld County, CO

Dear Mr. Miller:

EOG Resources, Inc. (EOG) plans to drill the Anschutz Spring Lake 06-10H well (the "well") at the referenced location which is more specifically described as 501' FSL and 2,371' FWL, which is outside the drilling window prescribed in Colorado Oil and Gas Conservation Commission ("COGCC") Rule 318A.a.(1).

By signing this letter, you hereby grant your consent to EOG to locate the well outside of a GWA window as defined in COGCC Rule 318A.a and waive the directional drilling requirement under Rule 318A.e.

EOG hereby agrees that it will not drill the well until good faith efforts have been made to enter into a surface use agreement and the consideration has been paid by EOG prior to building the location and associated roads, if necessary.

Thank you for your cooperation and please call if you have any questions at 435-781-9157.

Sincerely,
