Mari,

The COGCC is reviewing the Form 2A (#400213208) for the Cecil USX a 01-65-1HN location, located in the SENE Sec 1 T6N R64W Weld County, Colorado. The COGCC requests the following changes regarding the data submitted on or attached to the Form 2A prior to passing the Oil and Gas Location Assessment (OGLA).

Based on a review of water well data on the COGCC database and comments made in the water resources section of the form 2A there is one domestic water well (Water well permit #93970) within 1/8<sup>th</sup> of a mile of the proposed location. By rule if there is domestic water well within a 1/8<sup>th</sup> of a mile the location is considered a sensitive area.

. The Sensitive area tab is required to be changed to yes.

Please feel free to contact me if you have any questions or concerns.

Thanks,

Arthur
