Subject: RE: PROPOSED ENCANA LOCATIONS IN TIER II, RULISON, SEC. 21-T7S-R95W

The Office of Legacy Management (LM) is reviewing the permit applications and the location map provided by COGCC for the following wells and their respective locations:

OPERATOR	WELL NAME	Sampling Tier	LOCATION
BHL N LATITUDE	BHL W LONGITUDE		
Encana	Federal 22-13A	Tier 2	Sec. 21-T7S-R95W
39.41918	-107.989738		
Encana	Federal 22-13D	Tier 2	Sec. 21-T7S-R95W
39.417492	-107.988899		
Encana	Federal 21-9C	Tier 2	Sec. 21-T7S-R95W
39.419778	-107.995723		
Encana	Federal 21-16D	Tier 2	Sec. 21-T7S-R95W
39.416538	-107.994212		
Encana	Federal 21-16	Tier 2	Sec. 21-T7S-R95W
39.418048	-107.995369		

At this time, DOE does not request any additional information but would encourage COGCC to place general language in the permit such that the company would accommodate DOE sampling requests in the future. DOE agrees with the COGCC assessment that the pad is located approximately 2.96 miles from the Rulison site located at NWSE Section 21-T7S-R95W. Accordingly, DOE agrees with COGCC that all wells fall under the Tier 2 sampling and monitoring of the COGCC Rulison Sample and Analysis Plan and all wells are located in Sectors 10 of the Rulison SAP. DOE will continue to review the proposed locations and subsurface orientations of the propose drilling for documentation when sampling occurs. Thank you for the opportunity to comment on these permit applications. Please e-mail or call at 970-248-6034 if you require further information.

Subject: PROPOSED ENCANA LOCATIONS IN TIER II, RULISON, SEC. 21-T7S-R95W

Rick,

This email serves as notification from the COGCC regarding five proposed Encana wells with bottom hole locations within the Tier II at Rulison.

The surface location for this pad is just inside the Rulison Tier II in NWSE, Section 21-T7S-R95W.

These wells are listed on the attached Excel spreadsheet and located on the attached map by redlines designating the proposed wellbores.

You have already received notification from Jevin Croteau with Encana.

Thanks for your review. Let me know if you require any additional information.

Barbara Westerdale
