OIL AND GAS LEASE
CO-2155-1

THIS AGREEMENT, Entered into this the 17th day of March 1971
between Victor M. Chaffin and Elsie F. Chaffin, Husband and wife - Box 772, Lewis, Colorado S1327

BOOK 416 PAGE 204

1388-6

and Mobil Oil Corporation - P.O. Box 633, Midland, Texas 79701, hereinafter called lessee, does witness:

1. That lessor, for and in consideration of the sum of Ten and no/100 Dollars in hand paid and of the covenants and agreements hereinabove contained to be performed by the lessee, his or her assigns, heirs and executors, does hereby grant, lease, and let and by these presents does hereby grant, lease, and let exclusively unto the lessee the hereinabove described land, and with the right to utilize this lease or any part thereof with other oil and gas leases as to all or any part of the lands covered thereby as hereinafter provided, for the purpose of carrying on geological, geophysical and other exploratory work, including core drilling, and the drilling, mining, and operating for, producing, and saving all of the oil, gas, casinghead gas, gasoline and all other gases and their respective constituent vapors, and for constructing roads, laying pipe lines, building tanks, storing oil, building power stations, telephone lines and other structures deemed necessary or convenient for the economical operation of said land alone or conjointly with neighboring lands, to produce, save, take care of, and manufacture all of such substances, and for housing and boarding employees, said tract of land with any reversionary rights therein being situated in the County of

Montezuma, State of Colorado, and described as follows:

Township 37 North - Range 13 West, N.M.P.M.
Section 13: N1/4, SW1/4, NE1/4, SW1/4

TRACTOR X1000X STOCK, and containing 160 acres, more or less.

2. This lease shall remain in force for a term of Ten years and as long thereafter as oil, gas, casinghead gas, cut-offhead gasoline or any of the products entered by this lease is or can be produced.

3. The lessee shall deliver to lessor as royalty, free of cost, on the lease, or into the pipe line to which lessee may connect its wells the equal one-eighth part of all oil produced and saved from the leased premises, or at the lessor's option may pay to the lessor for such one-eighth royalty the market price for oil of like grade and gravity prevailing on the day such oil is run into the pipe line or into storage tanks.

4. The lessor shall pay to lessor for gas produced from any oil well and used by the lessee for the manufacture of gasoline or any other product as royalty 1/8 of the market value of such gas at the mouth of the well; if said gas is sold by the lessee, then 1/8 of the proceeds of the sale thereof at the mouth of the well. The lessor shall pay lessor as royalty 1/8 of the proceeds from the sale of gas as such at the mouth of the well when gas only is found and where such gas is not sold or used, lessor shall pay or tender annually at the end of each yearly period during which such gas is not sold or used, as royalty, an amount equal to the delay rental provided in paragraph 5 hereof, and while said royalty is so paid or tendered this lease shall be held as a producing lease under paragraph 2 hereof, the lessor to have gas free of charge from any gas well on the leased premises for stores and article lights in the principal dwelling house on said land by making his own connections with the well, the use of such gas to be at the lessor's sole risk and expense.

5. If operations for the drilling of a well for oil or gas are not commenced on said land on or before the 17th day of March 1972, this lease shall terminate as to both parties, unless the lessee shall on or before said date pay or tender to the lessor or for the lessor's credit in the

First National Bank at Cortez, Colorado, \$1321, or its successors, which bank and its successors are the lessor's agent and shall continue as the depositary of any and all sums payable under this lease regardless of changes of ownership in said

land or in the oil and gas or in the rentals to accrue hereunder the sum of and no/100 Dollars, which shall operate as a rental and cover the privilege of deferring the commencement of operations for drilling for a period of one year in like manner and upon like payments or tenders the commencement of operations for drilling may further be deferred for like periods successively. All payments or tenders may be made by check or draft of lessor or any assignee thereof, mailed or delivered on or before the rental paying date, either direct to lessor or passing on to said depository bank, and it is understood and agreed that the consideration first recited herein, the down payment, covers not only the privilege granted to the date when said first rental is payable as aforesaid, but also the lessor's option of extending that period as aforesaid and any and all other rights conferred. Notwithstanding the death of the lessor or his successors in interest, the payment or tender of rentals in the manner above shall be binding on the heirs, devisees, executors, and administrators of such persons.

6. If at any time prior to the discovery of oil or gas on this land and during the term of this lease, the lessee shall drill a dry hole, or holes on this land, this lease shall not terminate, provided operations for the drilling of a well shall be commenced by the next ensuing rental paying date, or provided the lessor bears or resumes the payment of rentals in the manner and amount hereinabove provided, and in this event the preceding paragraphs hereto governing the payment of rentals and the manner and effect thereof shall continue in force.

7. In case said lessor owns a less interest in the above described land than the entire and undivided fee simple estate therein then the royalties and rentals herein provided for shall be paid the said lessor only in the proportion which his interest bears to the whole and undivided fee. However, such rental shall be increased at the next succeeding rental anniversary after any reversion occurs to cover the interest so acquired.

8. The lessee shall have the right to use, free of cost, gas, oil and water found on said land for its operations thereon, except water from the wells of the lessor. When required by lessor, the lessee shall bury its pipe lines below plow depth and shall pay for damage caused by its operations to growing crops on said land. No well shall be drilled nearer than 200 feet to the house or barn now on said premises without written consent of the lessor. Lessor shall have the right at any time during, or after the expiration of, this lease to remove all machinery, fixtures, houses, buildings and other structures placed on said premises, including the right to draw and remove all casing, but lessee shall be under no obligation to do so, nor shall lessor be under any obligation to restore the surface to its original condition, where any alterations or changes were due to operations reasonably necessary under this lease.

9. If the estate of either party hereto is assigned and the privilege of assigning in whole or in part is expressly allowed, the covenants hereof shall extend to the heirs, devisees, executors, administrators, successors, and assigns, but no change of ownership in the land or in the rentals or royalties or any sum due under this lease shall be binding on the lessee until it has been furnished with either the original recorded instrument of conveyance or a duly certified copy thereof or a certified copy of the will of any deceased owner and of the probate thereof, or certified copy of the procedures showing appointment of an administrator for the estate of any deceased owner, whichever is appropriate, together with all original recorded instruments of conveyance or any certified copies thereof hereto, in showing a complete chain of title back to lessor to the full interest claimed, and all advance payments of rentals made hereunder before receipt of said documents shall be binding on any direct or indirect assignee, grantee, devisee, administrator, executor, or heir of lessor.

10. If the leased premises are now or shall hereafter be owned in severally or in separate tracts, the premises nevertheless shall be developed and operated as one lease, and all royalties accruing hereunder shall be treated as an entirety and shall be divided among and paid to such separate owners in the proportion that the acreage owned by each separate owner bears to the entire leased acreage. There shall be no limitation on the part of the lessee to offset wells on separate tracts into which the land covered by this lease may be hereafter divided by sale, devise, descent or otherwise or to furnish schedules measuring or receiving tanks. It is hereby agreed that in the event this lease shall be assigned as in a part or as in parts of the above described land, the holder or owner of any such part or parts shall make default in the payment of the proportionate part of the rent due from him or them, such default shall not operate to defeat or affect this lease insofar as it covers a part of said land upon which the lessor or any assignee hereof shall make due payment of said rentals.

11. Lessor hereby warrants and agrees to defend the title to the land herein described and agrees that the lessee, at its option, may pay and discharge in whole or in part any taxes, mortgages, or other liens existing, levied, or assessed on or against the above described lands and, in event it disposes such option it shall be subrogated to the rights of any holder or holders thereof and may reimburse itself by applying to the discharge of any such mortgage, tax or other lien, my royalty or rentals accruing hereunder.

12. Notwithstanding anything in this lease contained to the contrary, it is expressly agreed that if lessee shall commence operations for drilling at any time while this lease is in force, this lease shall remain in force and its terms shall continue so long as such operations are prosecuted, and, if production results therefrom, then as long as production continues.

13. If within the primary term of this lease, production on the leased premises shall cease from any cause, this lease shall not terminate provided operations for the drilling of a well shall be commenced before or on the next ensuing rental paying date, or provided lessee begins or resumes the payment of rentals in the manner and amount hereinbefore provided. If, after the expiration of the primary term of this lease, production on the leased premises shall cease from any cause, this lease shall not terminate provided lessee resumes operations for drilling a well within sixty (60) days from such cessation, and this lease shall remain in force during the prosecution of such operations and, if production results therefrom, then as long as production continues.

14. Lessor may at any time surrender or cancel this lease in whole or in part by writing or mailing such release to the lessor, or by placing same in record in the proper county. In case said lease is surrendered and canceled as to only a portion of the acreage covered thereby, the all payments and liabilities thereafter accruing under the terms of said lease as to the portion surrendered shall cease and terminate, and any rentals thereafter paid may be apportioned on an acreage basis, but as to the portion of the acreage not released the terms and provisions of this lease shall continue and remain in full force and effect for all purposes.

15. All provisions herein, express or implied, shall be subject to all federal and state laws and the orders, rules, or regulations, and interpretations thereof, of all governmental agencies administering the same, and this lease shall not be in any way terminated wholly or partially nor shall the lessor be liable in damages for failure to comply with any of the express or implied provisions hereof if such failure occurs with any such laws, orders, rules or regulations or interpretations thereof. If lessor should be prevented during the last six months of the primary term of lessor from drilling a well because of the order of any consolidated authority having jurisdiction thereover, or if lessor should be unable during said period to drill a well hereunder due to equipment necessary in the drilling thereof not being available on account of any cause, the primary term of this lease shall continue until six months after such order is suspended and/or said equipment is available, but the lessor shall pay delay rentals herein provided during such extended time.

16. The utilization of this lease or any portion thereof with any other lease or leases or portions thereof shall be accomplished by the lessor and filing by lessor in the recording office of said county of an instrument declaring its intent to utilize and dominate the leased land covered, which utilization shall cover the lessor's rights only and constitute an area not exceeding approximately 640 acres. The lands included in herein with respect to its gas production shall be apportioned among the owners of such royalty or minerals produced in the utilized area in the proportion that their interests in the minerals under the lands within such utilized area bear to the minerals under all of the lands in the utilized area. Any well drilled on such unit shall be for all purposes a well under this lease and shall satisfy the rental provision of this lease as to all of the land covered thereby. Provided, however, lessor shall be under no obligation, express or implied, to drill more than one gas well on said Unit.

17. This lease and all its terms, conditions, and stipulations shall extend to and be binding on all successors of said lessor and lessee.

IN WITNESS WHEREOF, we sign the day and year first above written.
