Dear Mr. Neslin,

Bayswater Exploration & Production, LLC is planning to drill the above mentioned wells at the locations listed above. The locations are being permitted as exception locations.

Under the Revised Rule 318A.c any new twinning well(s) that is to be located within 50' of an existing or proposed well requires surface owner approval. The surface location of Bayswater Exploration & Production, LLC's proposed wells have been staked approximately 19' apart and 100' from an existing well. Bayswater Exploration & Production, LLC has obtained written permission contained in a waiver from the surface owner for an exception to COGCC Rule 318A.a(1).

Bayswater Exploration & Production, LLC requests that the COGCC review the enclosed information and approve the requested exception location request and Application for Permit to Drill for the above captioned well. Thank you for your attention to the enclosed.

Very Respectfully,

A handwritten signature in blue ink, appearing to read "K Moran", with a long horizontal flourish extending to the right.

Kallasandra M. Moran  
Regulatory Technician, Petroleum Field Services  
Agent for Bayswater Exploration & Production, LLC
