## WELL ABANDONMENT REPORT

This form is to be submitted as an Intent to Abandon whenever an abandonment is planned on a borehole. After the abandonment is complete, this form shall again be submitted as a Subsequent Report of the actual work completed. The approved intent shall be valid for six months after the approval date, after that period, a new intent will be required. Attachments required with the Intent to Abandon are wellbore diagrams of the current configuration and the proposed configuration with plugs set.

A Subsequent Report of Abandonment shall indicate the actual work completed. Attachments required with a Subsequent Report are a wellbore diagram showing plugs that were set and casing remaining in the hole, the job summaries from all plugging contractors used, including wireline and cementing (third party verification) and any logs that may have been run during abandonment.

Flowline/Pipeline has been abandoned per Rule 1103 ☐ Yes ☐ No \*ATTACH JOB SUMMARY

Technical Detail/Comments:

This well was acquired from Rosetta Resources effective 04/01/11. We have record that this well was spud, area is reclaimed. However, we are submitting the Intent to Plug due to the fact that we are not sure this location was plugged by Rosetta as no plugging paperwork was received or submitted to the COGCC.  
The cement company that we use is currently available, so we would like to plug this well as soon as possible, ie. within the next week. We will also have the surveyor get the As Built Reading as soon as possible.

I hereby certify all statements made in this form are, to the best of my knowledge, true, correct, and complete.
