15. Comments:

This location assessment is being amended to expand the area of disturbance in order to accommodate a larger pit on the north side of the existing pad. BBC is also requesting approval to change the approved drilling pit to a multi-well pit giving the Werner pad 2 multi-well pits (originally permitted 1 drilling pit & 1 multi-well). BBC would also like to correct the facilities inventory of pipelines, should be 2 water and 1 gas (NO oil pipelines).

I hereby certify that the statements made in this form are, to the best of my knowledge, true, correct and complete.
