Mr. Kerr:

Great Western Oil and Gas Company, LLC (GWOG) and Broe Land Acquisitions II, LLC request consideration for exception locations per COGCC Rule 318A.a and 318A.c.

The surface location of Great Western's proposed wells has been staked outside of the 318A.a drilling window. The location is being permitted as an exception location. This location is a good location to both reduce the impact on GWOG planned development of property and to increase the number of wells reachable from one well pad to minimize surface disturbance.

With this letter Broe Land Acquisitions II, LLC as surface owner of the property, acknowledges the waiver of requirements under Rule 318A.a regarding drilling locations to be within a designated Greater Wattenberg Area (GWA) window. Broe Land Acquisitions II also acknowledges consent to the exception as per Rule 318A.c. (2) regarding proposed locations distanced greater than fifty (50) feet from an existing well. Please see attached signed waiver letter for Rule 318A.a.

Both Great Western Oil and Gas Company, LLC and Broe Land Acquisitions II respectfully requests that the COGCC review the enclosed information and approve the requested exception location waiver and Application for Permit to Drill the captioned wells. Thank you for your attention to the enclosed.

Respectfully,
