**Re: COGCC Rule 318A(l).e.(6)
Horizontal Wellbore Spacing Unit Notice
Well: Island Grove 2-32
Township 6N, Range 65W, 6th PM
Surface Location: Section 32, Southwest Quarter
Bottom Hole Location: Section 32, Northwest Quarter
Greeley, Colorado**

Dear Mr. Schwartz:

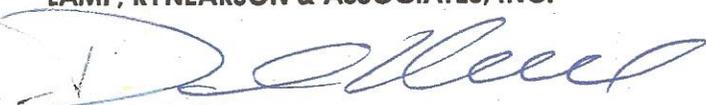

The Colorado Oil and Gas Conservation Commission (COGCC) has adopted guidelines and procedures regarding proposed wellbore spacing units for horizontal wells. Mineral Resources is proposing to drill the above referenced horizontal well where a drilling and spacing unit does not exist. Pursuant to Rule 318A(l).a.(4)D and 318A(l).e.(6), Mineral Resources must designate a proposed horizontal wellbore spacing unit and provide notice to all owners in the proposed wellbore spacing unit. As an owner in the proposed wellbore spacing unit, we are providing you with this notice. Per the COGCC rules, each owner shall have a thirty (30) day period after receipt of such notice to object in writing to the operator.

By signing this letter you hereby acknowledge having received notice of the proposed horizontal wellbore spacing unit by Mineral Resources and you waive your thirty (30) day objection period.

We would like to thank you for your assistance in this matter. If you have any questions, do not hesitate to call us at (970) 226-0342.

Sincerely,

LAMP, RYNEARSON & ASSOCIATES, INC.

Daniel Hull, PE
Designated Agent
Mineral Resources, Inc.

ddh/jz

I/we waive the notice and thirty day (30) objection period.
