Hi Nancy:

I have a spreadsheet that has all of the Ladder Creek Wells listed with GPS and PDOP data. The dates however are listed as 2009. I know the work was originally completed in 2005 so the 2009 could have been an updated version or there was no PDOP data on the original and the COGCC made us re-do them.

I will mail a copy to you at the COGCC.

Thanks,

Kent
