Jack,

The COGCC is reviewing the Form 2A (#400296383) for the Wiepking-Fullerton Energy Mahalo #10 location, located in the SWNW Sec 29 T10S R55W Lincoln, Colorado. The COGCC requests the following changes regarding the data submitted on or attached to the Form 2A prior to passing the Oil and Gas Location Assessment (OGLA).

Distance to Surface Water

The Hydrology map indicates that surface water is present approximately 611 feet from the location. The 2A should be amended to 611 feet to be consistent with the hydrology map.

If you have any questions or concerns please feel free to contact me.

Thanks,

Arthur
