**Subject:** Robert Bayless Proposed 14-15H Well

This e-mail should be forwarded to Barbara Westerdale at [Barbara.Westerdale@state.co.us](mailto:Barbara.Westerdale@state.co.us).

This is a response to your request for 2 BLM waivers for the proposed Robert Bayless wells Weaver Ridge 14-15H and the 13-9H.

The top of the pay zone for Well Weaver Ridge 14-15H, which is in Lease COC-58704, is less than 600' from the lease line with Lease COC-58705. Both leases are owned by Robert Bayless and both have a 12.5% royalty, so federal interests will not be damaged if the well drains Lease COC58705.

The BHL for well 13-9H is less than 1200' from the nearest producing well. The question of which well will be producing the reserves will not effect federal interests. We therefore have no objection to this well location.
