Thom Kerr
COGCC Director

Thom,

Carrizo Oil & Gas, Inc. is requesting Expedited Approval without consultation per Rule 303 1 (2).

The well information and location is as follows:

Pergamos 2-4-34-7-60

SWSE Section 4 T7N R60W 6th PM Weld County Colorado

Location Name Pergamos 4-44-7-60 Location ID 423984

Form 2A Doc Number 400266900 Approved

We are currently drilling the 2nd well on our 4 well pad. We are requesting Rule 305c be waived for comment period.

We submitted the Form 2 for the 3rd well 6/20/12.

The reason for the request; Carrizo has the Drilling Rig Xtreme 19 in place to drill this well concurrent of drilling the first 2 wells. It would be very costly to move the rig to another location to drill, then move the rig back to this pad and drill the 3rd well. Therefore Carrizo requests waiver of comment period for the remainder of 13 days and Expedite this approval.

Thank you in advance:

Tina Taylor
