**Subject:** Extension of engineering evaluation of pipeline spill for NOAV #200355205

RE: NOAV #200355205 (Facility ID 429326)

Hi Alex and Linda,

Alex, per our phone conversation, Encana is requesting an extension to Tuesday, 7/17/2012 to submit our engineering evaluation of the pipeline failure (with pipeline testing records) for the above referenced NOAV. We are compiling information and getting details as we investigate and want to make sure we have what we need to be thorough and complete.

Thank you for your patience in this matter.

Regards,  
Charlie
