Dear Stephen K. Ulrich:

Great Western Oil and Gas Company ("GWO") plans to drill the above oil and gas wells from the above described surface location.

Rule 603 a.(1) of the Colorado Oil and Gas Conservation Commission ("COGCC") Rules and Regulations requiring that the wells drilled be located a distance of one hundred fifty (150) feet or one and one-half (1-1/2) times the height of the derrick, whichever is greater, from any building unit, public road, major above ground utility line or railroad. The closest surface location is approximately 185 feet from your property line.

Please waive this requirement showing your approval of the new wells being drilled at the location referenced above.

Therefore, please evidence your request to waive ("COGCC") Rule 603 a.(1) by signing below. If you have any questions regarding this matter, please contact Gary P. Steele at (720) 494-1390 or (970) 686-8831.

Sincerely,

Gary P. Steele
