WELL ABANDONMENT REPORT

This form is to be submitted as an Intent to Abandon whenever an abandonment is planned on a borehole. After the abandonment is complete, this form shall again be submitted as a Subsequent Report of the actual work completed. The approved intent shall be valid for six months after the approval date, after that period, a new intent will be required. Attachments required with the Intent to Abandon are wellbore diagrams of the current configuration and the proposed configuration with plugs set.

A Subsequent Report of Abandonment shall indicate the actual work completed. Attachments required with a Subsequent Report are a wellbore diagram showing plugs that were set and casing remaining in the hole, the job summaries from all plugging contractors used, including wireline and cementing (third party verification) and any logs that may have been run during abandonment.

Title: PRODUCTION MANAGER Date: 7/25/2012 Email: KENC@PANTHERENERGY.US

Based on the information provided herein, this Well Abandonment Report (Form 6) complies with COGCC Rules and applicable orders and is hereby approved.

COGCC Approved: SUTPHIN, DIRK Date: 8/23/2012

CONDITIONS OF APPROVAL, IF ANY: _____

Expiration Date: 2/22/2013

1) Provide 24 hour notice of MIRU to Craig Quint at 719-767-8939 or e-mail at craig.quint@state.co.us.

2) Plugging procedure:

After setting CIBP at 1000' w/ 10 sx on top, pressure casing to anticipated job pressure (or 500 psi minimum).

If HIC's are indicated modify procedures accordingly to ensure proper plug placement of remaining plugs. This may include hunting holes, pulling casing, setting CIBP just below the proposed squeeze perms, using a retainer. Tag plug after WOC if retainer not used. Use a retainer on the shoe plug only if good returns can be established prior to setting it.

For 20 sx at surface - cement from 50' to surface in casing and annulus.

Prior to submitting the subsequent form 6 for plugging the well, Panther Energy company must locate this well using GPS technology described in COGCC Rule 215. This must be done prior to plugging the well as stated in the AS-BUILT LOCATION POLICY amended October 31 2005.

General Comments

<u>User Group</u>	<u>Comment</u>	<u>Comment Date</u>
Permit	Well abandonment report filled out by COGCC. Operator did not fill out the form. They submitted a wellbore diagram that detailed the plugging plan. COGCC engineer needs to review the accuracy and completeness of this form.	3/7/2012 9:12:58 AM
