**RE: 318A Water Well Sampling 318A.e.(4)
Colfer 14C-34HZ, Location ID 429967
Section 34, Township 2N, Range 65W
API No. 05-123- 35982**

35983 -
35984 -

Dear Mr. Chesson:

As per *COGCC Rule 318A.e.(4)*, baseline water well sample testing is required prior to drilling the first interior infill well or boundary well within a governmental section. COGCC stamped the drilling permit for the subject well, requiring Kerr-McGee Oil & Gas Onshore LP (Kerr-McGee) to conduct water sample baseline testing in Section 34, Township 2N, and Range 65W.

Research was conducted to identify a water well that meets the Rule 318A.e.(4) sampling criteria for the Colfer 14C-34HZ pad. No water well met the criteria for the Rule 318A.e.(4) sampling requirements. Based on these findings, Kerr-McGee is requesting a determination of NOT REQUIRED for Section 34, Township 2N, Range 65W. If you agree, please sign and date the bottom of this letter and return it to me. Please contact me at 720-929-6726 if you have any questions regarding this information.

Very truly yours,

KERR-McGEE OIL & GAS ONSHORE LP

Paul D. Schneider, P.G.
Senior Staff EHS Representative

COGCC Approved:
