Re: No Further Action Request
PDC Energy, Inc. (PDC),
Remediation Tank Battery Release

Notice of Completion
Hettinger 34-18 Tank Battery
Spill Report Track # 2230122
Location ID # 330696
API # 123 19476
Weld County, Colorado

Dear Mrs. Wasko,

Colorado Oil and Gas Conservation Commission (COGCC) staff has reviewed the Spill/Release Form 19 submitted on 08/15/2012, as well as the additional information submitted with your email dated 09/26/2012. The documentation was submitted by Tasman Geosciences on behalf of PDC, for the above referenced site. Based on review of data presented, it appears that no further action is necessary at this time at this site. However, should future conditions at the site be discovered of contaminant concentrations in soils exceeding COGCC standards or if groundwater is found to be significantly impacted, COGCC may require that further investigation and/or remediation be conducted.

The Spill/Release Form 19 has been closed in COGCC database. If you require any additional information, please call John Axelson at 303-637-7178.

Sincerely,

Carlos Luján for
John Axelson, P.G.
Environmental Protection Specialist
