Tom,
Looks good. Please repeat this info on page 2 of the Form 4 and send the Form 4 and Form 2 with attachments to Larry and/or eForms, per the Sidetrack Approval Reporting document. This is your verbal notice to proceed. For convenience I am copying the text of your procedure (see below and attached). The date of the text should be 10/11/12 (today) rather than 9/10/12 as written.

Thank you,
