Hi Rick,

Pursuant to your e-mail below, Noble will comply with the COGA voluntary baseline water quality sampling program for the subject 2A.

Thank you.

Rick,

Noble concurs with the change of depth to water to 55' as noted below.

A response form Noble is forthcoming regarding the comment for baseline water sampling.

Thank you.

Susan

I am reviewing the subject Form 2A. Please note the following:

1. I changed the depth to water to 55 feet based on the water well permit 236483.
2. COGCC requests a BMP or COA for baseline water quality sampling at this location, pending a resolution of BMP/COA language.

Please contact me with any questions regarding this Form 2A.

Regards,

Rick Allison
