RE: Exception Location Request – 318A.a, GWA Window and Unit Designation
Exception Location Request – 318A.c., Surface Location
Wells: River Bluffs 10-13 River Bluffs 18-13
Section 13, Township 6N, Range 68W
Larimer County, Colorado

Dear Mr. Matt Lepore,

Bayswater Exploration & Production, LLC (Bayswater), is planning to drill the above referenced wells to the Codell, Niobrara, Greenhorn, Shannon (Hygiene) and Sussex (Terry) formations.

The surface locations of Bayswater's proposed wells have been staked outside of the 318A.a GWA drilling window. The locations are being permitted as exception locations. Bayswater has obtained written permission contained in a waiver from the surface owner.

Under the COGCC Rule 318A.c any new surface well is to be located within fifty (50) feet of an existing well. Bayswater is requesting the surface well locations greater than fifty (50) feet from a well. Bayswater has obtained permission, contained in the form of a waiver, from the surface owner.

Bayswater requests that the COGCC review the enclosed information and approve the requested exception location waivers and Application for Permit to Drill for the above referenced wells. Thank you for your attention to the enclosed.

Respectfully,

Corina Santos
Regulatory Technician
Agent for Bayswater Exploration & Production, LLC

We are what we repeatedly do. Excellence, then, is not an act, but a habit.
