RE: Remediation # 4886

On November 7, 2012 East Cheyenne commenced the remediation work associated with the COGCC approved variance request for remedial alternative for the Schwake A-2 Tank battery dated July 31, 2012. Our goal is to complete this work by November 21, 2012. The satisfactory completion of this remediation work should correct those items listed in the subject report as "unsatisfactory".

Please contact the undersigned with any questions or further informational needs.
