To: Rick Allison <rick.allison@state.co.us>

Rick,

Please see the plant species info below. I will send the reference photos in my next email. I am currently in NYC and don't have access to change the form myself. Please let me know if emailing you the information is satisfactory.

Thanks,
Amy

Subject: Sylvester Vegetation Survey

Amy,

60% of the pad is bare ground, 40% of the vegetation consists of:

- 20% Chondrosium gracile (blue grama)
- 10% Opuntia species (prickly pear)
- 5% sage species (Artemisia species)
- 5% Gutierrezia sarothrae (Broom snakeweed)

Native grassland

No noxious weeds

Please let me know if you have any other questions.

Thank you.
