Hi, Kevin – I'm sending this again – appears I may have addressed the email incorrectly yesterday, and maybe you didn't receive it. Also copying Jay, as I'm pretty sure the State would want to see this info.

God Bless You!

Hi, Kevin – forwarding this to you as appears Dave is travelling and may not see this.

Thanks for your help.

Subject: Gunnison Energy - Request Unplanned Sidetrack (this will be #2) on SPU Cockroft 23-41D H1R 05-029-06112-01

Hi, Dave –

We have issues with our SPU Cockroft 23-41D H1R (ST1) well. In a nutshell, while tripping out of the hole for a new bit, we left the mud motor and a bit in the hole. After several days of fishing, we decided an unplanned sidetrack would be our best option. Attached is the sundry requesting an unplanned sidetrack (#2).

Thanks.

God Bless You!

Patty:

We just discussed this situation, and consider this GEC's verbal approval to proceed with the sidetrack of this well. The signed/approved Sundry Form should be received by you shortly.

Regards,

Jay Krabacher
NWArea Engineer, COGCC
