Dear Mr. Lepore,

Bayswater Exploration & Production, LLC (Bayswater) plans to drill the above referenced wells.

Under the COGCC Rule 603e.(2). At the time of initial drill of the well, the well head location shall not be less than 350' from any existing building. The surface location of Bayswater's proposed wells (as described above) are being proposed less than three hundred and fifty (350) feet from a building. As required a waiver has been obtained from the building owner Mr. Lind and is attached to the form 2.

Bayswater requests that the COGCC review the enclosed information and approve the requested exception location waivers and Applications for Permit to Drill for the above captioned wells. Thank you for your attention to the enclosed.

Respectfully,

Jennifer Angel-Lear  
Regulatory Technician  
Agent for Bayswater Exploration & Production, LLC
