Amber – Attached is the first of five requests (by Sundry Notice) made by Encana for relief from certain conditions of approval (COAs) derived from the Rulison Sampling and Analysis Plan (RSAP). Each Form 4 is associated with a PowerPoint slide, digital copies of which are also attached. Please upload the associated PowerPoint slide with each sundry. Please also upload a copy of this e-mail.

Alex/Jim – Encana's requests, the technical basis for them, and my approval are entirely consistent with the precedent establish in response to four identical requests made by Encana during March 2012.

Chris

Chris Canfield, P.G.

Environmental Protection Specialist, Northwest Region

Colorado Oil & Gas Conservation Commission
