**BEFORE THE OIL AND GAS CONSERVATION
COMMISSION OF THE STATE OF COLORADO**
IN THE MATTER OF THE PROMULGATION
AND ESTABLISHMENT OF FIELD RULES
TO GOVERN OPERATIONS IN THE
LOST CREEK FIELD
WELD COUNTY, COLORADO

CAUSE NOS. 307
AND 1
DOCKET NO. 7-4

NOTICE OF HEARING

TO ALL INTERESTED PARTIES AND TO WHOM IT MAY CONCERN:

Order No. 307-1 issued February 17, 1976 established 160-acre drilling
and spacing units for the production of gas from the "J" Sand Formation,
including Section 32, Township 3 North, Range 62 West, 6th P.M. Said units
consist of a quarter section, with the permitted well for each unit located not
less than 600 feet from the boundary of each quarter section and no closer
than 1850 feet from another gas well producing from the same source of
supply.

Rule 316 of the Rules and Regulations of the Commission requires that
wells drilled in excess of 2,500 feet in depth shall be located not less than
600 feet from any lease line and no closer than 1,200 feet from any other
productible or drilling oil or gas well when drilling to the same common source
of supply, unless waivers from the mineral owners or leasehold owners
toward whom the well is to be moved are provided. The "D" Sand Formation
in Section 32, Township 3 North, Range 62 West, 6th P.M. is included in this
Rule.

On June 7, 1993, Energy Minerals Corporation filed with the Commission
a verified application for an order to allow the Hobe State No. 42-32
Well to be drilled at an exception location 1930 feet FNL and 400 feet FEL
in the SE 1/4 NE 1/4 of Section 32, Township 3 North, Range 62 West, 6th
P.M. for commingled production from the "J" Sand and "D" Sand Formations.
The applicant is requesting an order for an exception location due to geo-
logical reasons and to minimize interference with agricultural activities.

NOTICE IS HEREBY GIVEN, that the Oil and Gas Conservation Commission
of the State of Colorado, pursuant to the above, has scheduled the
above-entitled matter for hearing on:

Date: Monday, July 19, 1993
Time: 8:30 a.m.
Place: Room 318, State Centennial Building
1313 Sherman Street

place aforesaid, or at any adjourned meeting, the Commission will enter such
orders as it deems appropriate to prevent the waste of oil and gas, either or
both, in the operations of said field, and to carry out the purposes of the
statute.

Any interested party desiring to protest the granting of the application
or to intervene should file with the Commission a written protest or a notice
to intervene no later than July 13, 1993, briefly stating the basis of the protest
or intervention. Such interested party shall, at the same time, serve a copy
of the protest or notice to intervene to the person filing the application. A fee
