NOTICE OF HEARING

TO ALL INTERESTED PARTIES AND TO WHOM IT MAY CONCERN:

On November 17, 1970, the Commission authorized Order No. 232-1 to be issued which established 320-acre drilling and spacing units for the production of gas and associated hydrocarbons from the "J" Sand underlying certain lands in Adams and Weld Counties. The units consist of the E 1/2 and W 1/2 or the N 1/2 and S 1/2 of each section with the permitted well for each unit to be located in the NE 1/4 and the SW 1/4 of each section and no closer than 990 feet to the boundaries of the quarter section upon which it is located. Order Nos. 232-2 and 232-3 extended the same 320-acre spacing to additional lands in Adams and Weld Counties including Section 32, Township 1 North, Range 64 West, 6th P.M., Weld County, Colorado. Order No. 232-20 allowed a second well to be drilled on each 320-acre unit in the undrilled quarter section.

On or about May 25, 1989, Apex Operating Company, Inc. drilled and completed the well Sawyer #32-2 at a location 660 feet FSL and 1980 feet FEL of Section 32, Township 1 North, Range 65 West, Weld County, Colorado in the "D" Sand. On October 6, 1989, Apex Operating Company, Inc. by its attorney, filed a verified application for an order amending Order No. 232-20 and allow the well Sawyer #32-2 to be completed in the "J" Sand for the drilling and spacing unit consisting of the S 1/2 of Section 32, and that commingled production be allowed from both the "D" and "J" Sands, and the application contained the documents required by Rule 322 of the Rules and Regulations of the Commission.
