TO ALL INTERESTED PARTIES AND TO WHOM IT MAY CONCERN:

On November 17, 1990, the Commission issued Order No. 232-1 which established 320-acre drilling and spacing units for the production of gas and associated hydrocarbons from the "J" Sand formation underlying certain lands in the Wattenberg Field. The units consist of the E1/2 and W1/2 or the N1/2 and S1/2 of each section according to the governmental survey with the permitted well to be located in the SW1/4 and NE1/4 of each section. Subsequent orders extended the limits of the spaced area and allowed an additional well to be drilled on the 320-acre units, including the W1/2 of Section 36, Township 1 North, Range 67 West, 6th P.M., which has been designated a unit.

On November 2, 1990, Bataa Oil, Inc., by its attorney, filed with the Commission a verified application for an order pooling all the interests in the drilling and spacing unit consisting of the W1/2 of Section 36, Township 1 North, Range 67 West, 6th P.M., for the production of gas and associated hydrocarbons from the "J" Sand formation underlying said unit, pursuant to the provisions of 34-60-116, C.R.S., 1984.

Bataa Oil, Inc. proposes to drill a well to the "J" Sand formation underlying the aforesaid drilling and spacing unit at a legal location in the W1/2 of said Section 36 for the drilling and spacing unit consisting of the W1/2 of said Section 36.

Any interested party desiring to protest the granting of the application or to intervene should file with the Commission a written protest or a notice to intervene no later than December 11, 1990, briefly stating the basis of the protest or intervention.
