Dear Surface Owners:

In accordance with the requirements of Rules 305.e.(1).A. and 305.e.(1).B. of the Colorado Oil and Gas Conservation Commission (“COGCC”), this letter serves as advanced notice by Encana Oil & Gas (USA) Inc. (“Encana”) of its intention to conduct drilling operations on the captioned wells located on your property. Encana’s operations are estimated to begin in the third quarter of 2013 pending receipt of required permits, approval of title and drilling rig availability.

In negotiations related to the existing Compatible Development and Surface Use Agreement, you have previously been consulted on the location of the wellsite, access roads, production facilities and other related matters. Enclosed for your review is an informational copy of COGCC’s notification, consultation and reclamation rules regarding oil and gas operations.

The COGCC regulations provide that the surface owner may designate a representative for surface consultation. Enclosed is an owner response form and we ask that you indicate your preference with regard to the consultation requirement and return the form in the self-addressed stamped envelope provided for your convenience.

Also enclosed for your review is a copy of a policy recently adopted by the COGCC addressing on-site inspection requests including a form for requesting such an inspection.
