Cc: Denice Brown <[debrown@garfield-county.com](mailto:debrown@garfield-county.com)>

Greg,

Garfield County has approved the land use permit for the Encana Divide Creek Road WTF

That is the same as "Hunter Ridge" facility you called about.

As such my comment that stated 'pending County permit' is no longer applicable. And we have give the 2A a 'pass'

Thank you for looping back to confirm.

Hi Kirby: It looks like a file by the name of Encana Divide Road Water Treatment Facility was reviewed by Kathy and was just permitted on 3/13. The File No. was LIPA-7368. I did a preapp update on it but Kathy did the review and would be the best resource for more information. Hope this helps.
