Dear Director:

Noble Energy Inc. (NEI) is planning to drill the above mentioned well to the Niobrara formation(s).

The surface location of NEI's proposed well has been staked outside of the 318A.a drilling window. The location is being permitted as an exception location. NEI has obtained written permission contained in a Surface Use Agreement from the surface owner.

Under the Revised Rule 318A.c any new twinning well is to be located within 50' of an existing well. Noble has obtained permission, contained in a Surface Use Agreement, from the surface owner to locate said well farther than 50' feet from the nearest well.

Thank you for your attention to the enclosed. Noble respectfully requests that the COGCC review the enclosed information and approve the requested exception location waivers and Application for Permit to Drill the captioned well.

Respectfully,
