Arthur,

Please see below for the additional explanations and attached for the diagrams. Will the COGCC be reissuing the approved sundry forms and sending them to me for my records? Please let me know if there is anything else needed.

~~ Will

2166886-Wildhorse 16-13L-05-123-37374

Requesting an exception to ground water sampling requirements per statewide Rule 609.c.

There are no water sources located within one-half (1/2) mile of the proposed oil and gas well.

There are four water source exceptions requested per Rule 609.c.

The COGCC GIS Online interactive map was utilized to research the well.

2166888-Wildhorse 06-0614H-05-123-34978

Requesting an exception to ground water sampling requirements per statewide Rule 609.c.

There are no water sources located within one-half (1/2) mile of the proposed oil and gas well.

There are four water source exceptions requested per Rule 609.c.

The COGCC GIS Online interactive map was utilized to research the well.

2166889-Wildhorse 04-0424H-05-123-34896

Requesting an exception to ground water sampling requirements per statewide Rule 609.c.

There are no water sources located within one-half (1/2) mile of the proposed oil and gas well.

There are four water source exceptions requested per Rule 609.c.

The COGCC GIS Online interactive map was utilized to research the well.

2166890-Horsetail 07-0611H-05-123-36647

Requesting an exception to ground water sampling requirements per statewide Rule 609.c.

There are no water sources located within one-half (1/2) mile of the proposed oil and gas well.

There are four water source exceptions requested per Rule 609.c.

The COGCC GIS Online interactive map was utilized to research the well.
