COGCC Comments

| Comment | User | Date |
|---|----------|------------|
| A Form 6 "Well Abandonment Report" (Doc. #400387421) indicating an intent to plug and abandon the Box Elder G 2 has been submitted by the producer and is on file with the COGCC. After a physical inspection of the location on 06/13/13, it appears that the well has been plugged and abandoned. In such a case, after the abandonment is complete, a Form 6 shall again be submitted as a Subsequent Report of the actual work completed. A Subsequent Report of Abandonment shall indicate the actual work completed. Attachments required with a Subsequent Report are a wellbore diagram showing plugs that were set and casing remaining in the hole, the job summaries from all plugging contractors used, including wireline and cementing (third party verification) and any logs that may have been run during abandonment. | johnsonr | 06/13/2013 |
