John,

Attached are the documents requested in the previous COAs for the Wright land treatment activities. Please let me know if you have any questions. We would like to start the land treatment as soon as we receive your authorization.

We recently hauled a large portion of the soil off to the landfill for disposal at the landowner's request. We still intend on land treating the remaining soil on site. We will submit the disposal manifests with the closure documentation.

Thanks,

Brian

Hi John, I think this one has the wrong Pit ID number on it. Looks like they didn't change it from the Scott Form 4. What is the correct ID number and do you just want me to change it?

Thanks, Amber

Amber,

Yes - if you can change it to Facility ID #107607 that would be great.  
Thanks,  
John
