COMMENTS:

This COGCC Form 4 is being submitted to permit management of drill cuttings at the PA 13-27 well pad (COGCC facility # 335169); the subject drill cuttings will be generated at the DOE 1-W-27 well pad during drilling operations (COGCC facility # 335168). Due to the pad size constraints, approximately 3000 yards of cuttings will be transported to the existing PA 13-27 well pad and managed on location within a permitted cuttings management area located on that pad. see attached map for the well pad locations. Cuttings located at both well pads will be sampled for compliance with the 900 Series Rules prior to reclamation.
