On 3/10/67, the Colorado Ground Water Commission issued me a conditional permit No. 11625-F to appropriate ground water for a beneficial use in the Northern High Plains Designated Ground Water Basin.

I failed to submit a statement of beneficial use showing that water was put to beneficial use prior to the expiration date of my permit due to the following reasons:

No form was made available to me and I was not informed that I
was required to submit such form.

Further, the Affiant(s) depose(s) and say(s) that he (she)(they) has (have) read the statements made herein; knows the contents hereof; and that the same are true of his (her)(their) own knowledge.

ORDER OF THE COLORADO GROUND WATER COMMISSION

IN THE MATTER OF CONDITIONAL PERMIT NO. 11625-F LOCATED IN THE SW1/4 OF THE NW1/4 OF SECTION 13, TOWNSHIP 14 South, RANGE 45 WEST OF THE 6TH PRINCIPAL MERIDIAN

The Colorado Ground Water Commission finds that:

1. Pursuant to Section 37-90-108(4) Colorado Revised Statutes, proof was submitted that water was put to beneficial use prior to the expiration date of Permit No. 11625-F. Due to excusable neglect, inadvertence, or mistake, R.J. Hoffman failed to submit a statement or evidence of beneficial use on time.
2. The proof submitted is satisfactory but is subject to objection by others and to such verification and inquiry as the Commission shall consider necessary prior to final permit issuance.
3. Conditional Permit No. 11625-F shall remain in force and effect.

Dated this 15 day of April, 19 92.

BEFORE THE COLORADO GROUND WATER COMMISSION
NORTHERN HIGH PLAINS DESIGNATED GROUND WATER BASIN
NOTICE OF PROPOSED ISSUANCE OF FINAL PERMITS

Take notice that pursuant to Sections 37-90-108 and 109, Colorado Revised Statutes, the Colorado Ground Water Commission is considering issuance of Final Permits for wells listed in this publication. Data for each proposed final permit is only being published in the county in which that well is located. In the main table, the permits are sorted by location. Final permits previously issued by the Commission are not listed since no further action is required for those permits. Some conditional permits in a particular township may not be listed if additional information is required prior to publication for the final permits. Owners of wells with conditional permits issued after May 17, 1985, in Township 13 South, Range 44 West, Township 14 South, Range 44 West, Township 15 South, Range 44 West, Township 12 South, Range 45 West, Township 13 South, Range 45 West, Township 14 South, Range 45 West, Township 15 South, Range 45 West and Township 12 South, Range 47 West, which are not listed are encouraged to contact their local ground water management district or the staff of the Colorado Ground Water Commission and to supply the necessary information so that those wells may be considered for final permits in a subsequent publication. The descriptions of irrigated acres have in some cases been simplified for publication purposes. In the following table, (see Code 4 is for commercial; 5 is for industrial; 6 is for irrigation; 8 is for municipal; and 9 is for multiple uses. Other abbreviations are Q for quarter; Sec for Section; T or TS for township; R or RNG for range; AG P/A for acre-feet per year; GPM for gallons per minute; and C or C(R) for center or centered. Increased appropriations through existing wells are so noted by the term "inc." followed by the original well permit number in the description of acre column. All locations are relative to the 6th P.M.

Those wells which have approved expanded acres or are commingled are so indicated by a "Y" in the expanded acres or commingling columns in the main table, and the particulars are listed in the subsequent table. The permits in the "Expanded Acres" and "Commingled Acres" tables are listed in order of permit number.

Any person wishing to object to the issuance of any of these final permits must do so in writing, stating the permit number and the basis for the objection for each permit. A \$10 fee must be included for each permit for which an objection is submitted. The objection must be received by the Colorado Ground Water Commission, Room 818 Centennial Building, 1313 Sherman Street, Denver, Colorado 80203, no later than February 18, 1993.
