RE: Lease Line Waiver

Mitchek #44-11-1445 Well  
Township 14S, Range 45W, 6<sup>th</sup> P.M.  
Section 11, E2SE  
Cheyenne County, CO

Dear John,

Resource Development Technology, LLC, ("RDT") plans to drill the Mitchek #44-11-1445 Well (the "Well") to the same stratigraphic equivalent as the Busby #1 Well at the above-referenced location, which is more specifically described as 1300' FSL and 945' FEL. This location is approximately 1000' from the existing Busby Trust #1 well. RDT respectfully requests that Anadarko, as the owner of an unleased 40% mineral interest in the E2SE, waive Rule 318.a. of the Colorado Oil and Gas Conservation Commission ("COGCC") Rules and Regulations requiring that the Well be located a minimum of 1200' from an existing well.

Attached is a diagram of the proposed well location.

Please sign below to evidence your waiver.

If you have any questions or concerns, please do not hesitate to contact me at (303) 716-3200 or by email at [karlwalterjr@gmail.com](mailto:karlwalterjr@gmail.com).

Sincerely,

*Karl Walter*
