RE: Lease Line Waiver

Mitchek #44-11-1465 Well
Township 14S, Range 45W, 6th P.M.
Section 11, SESE
Cheyenne County, CO

Dear John,

Resource Development Technology, LLC, ("RDT") plans to drill the Mitchek #44-11-1465 Well (the "Well") to the same stratigraphic equivalent as the Busby #1 Well at the above-referenced location, which is more specifically described as 1300' FSL and 945' FEL. This location is approximately 375' from the west lease line. RDT respectfully requests that you, as the offset mineral owner, waive Rule 318.a. of the Colorado Oil and Gas Conservation Commission ("COGCC") Rules and Regulations requiring that the Well be located a minimum of 600' from a lease line.

Attached is a diagram of the proposed well location.

Please sign below to evidence your waiver.

If you have any questions or concerns, please do not hesitate to contact me at (303) 716-3200 or by email at karlwalterjr@gmail.com.

Sincerely,

Karl Walter
