Sampling Locations Selection Results  
Baseline Groundwater Sampling Rule 609

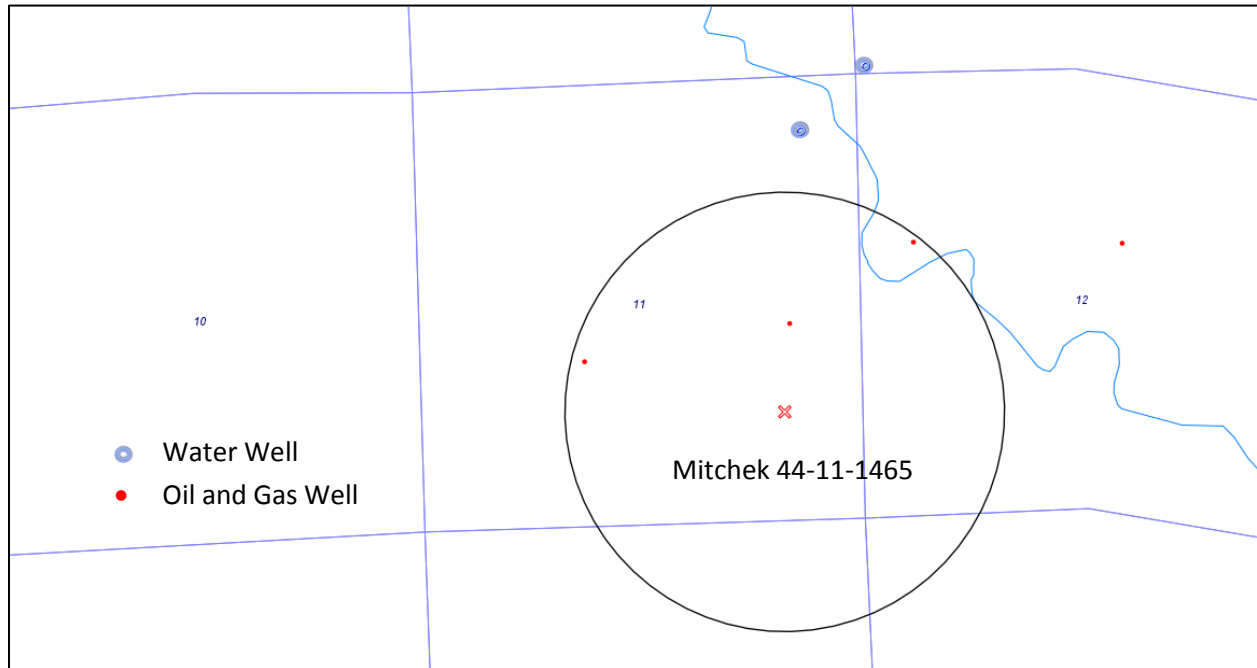

July 23, 2013

Section 11-14S45W

*Criteria: Groundwater samples will be collected from All Available Sources up to a maximum of four within a ½ mile radius of the proposed well.*

**Mitchek 44-11-1465 – ½ mile Radius Zone**

There are no Available Water Sources located within one-half (1/) mile of the proposed well location.

The proposed well site does not meet the criteria for baseline samples and subsequent monitoring under the requirements of Rule 609.
