**Wildlife BMPs:**

BMP Type	Comment
PROPOSED BMPs	<p>BAYHORSE PETROLEUM, LLC</p> <p>2558 E. Portsmouth Ave.</p> <p>Salt Lake City, UT 84121 -5627</p> <p>(801) 913 -1640</p> <p>BEST MANAGEMENT PRACTICES</p> <p>Trade Winds 1 -21</p> <p>SESW of Section 21, T18S -R47W</p> <p>660' FSL and 1640' FWL</p> <p>Kiowa County, CO</p> <p>1) Bayhorse Petroleum will only use such land as necessary for said drilling, completion and production operations. The access road and well pad size will be kept to the minimum that is needed, without compromising safety.</p> <p>2) Bayhorse Petroleum will make every reasonable effort to minimize the impact of all equipment associated with this well. Dust disturbances will be kept at a minimum via access road and water sprinkling of the drill site as needed. We will ensure garbagelmud sacks, etc. be stored in a caged container during drilling operations, to prevent any materials from being blown onto the highway.</p> <p>3) Bayhorse Petroleum will minimize adverse visual contrast by utilizing an appropriate color selection for completion equipment to blend in with the background and natural surroundings.</p> <p>4) Bayhorse Petroleum will reclamate the surface as close to the original contour as possible. We will reshape the well location and access road as closely as possible to the original contour in the case of a dry hole. We will re- spread topsoil that has been stockpiled from the initial grading. We will re- establish native vegetation on the ingress/regress access area in the case of a dry hole. The drill site is on crop land.</p>
