Dear Mr. Redweik:

LT Environmental, Inc. (LTE), on behalf of Swift Energy, Inc. (Swift), contacted Mr. Richard W. Brown regarding baseline water well sampling of two water wells located on his property located in Section 31 of Township 34N, Range 12W, La Plata County, Colorado (Colorado Division of Water Resources Permit Numbers 212487 and 212488). The water wells were identified as water sources in Swift's Mandatory and Voluntary Baseline Domestic Water Well Sampling and Monitoring Program for compliance with Colorado Oil and Gas Conservation Commission Rule 609 in association with the Waters 34-12-32-1H well. Mr. Brown verbally denied access to his property during a telephone call with LTE on August 7, 2013 and expressed his desire to be excluded from the Baseline Domestic Water Well Sampling and Monitoring Program. If you have any questions regarding this issue, please contact LTE at 970-385-1096.

Sincerely,  
LT ENVIRONMENTAL, INC.
