RE: Dutch Lake 12-14H pad  
6N-62W, 6<sup>th</sup> P.M.  
Section 14: S2SW  
Weld County, Colorado

Dear Mr. and Mrs. Hale,

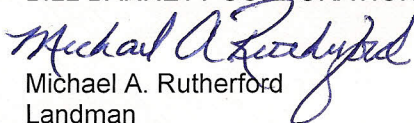

Bill Barrett Corporation ("BBC") is requesting your permission to stage temporary large volume storage tanks (LVSTs) on the captioned well pad (the "Pad"). This will involve two tanks, the necessary temporary pipelines and support equipment, and an area to allow trucks to enter the pad and turn around safely. The area used will be contained within the boundaries of the previous disturbance permitted for the Pad. The operations are estimated to last approximately six weeks. You also hereby grant a temporary access and pipeline right of way until the operations are completed, the equipment and temporary facilities are removed, and the necessary reclamation is completed.

In exchange, BBC will pay the sum of \$500.00 per tank for a total of \$1,000.00 within 15 business days from your acceptance of this agreement. BBC will fully reclaim the disturbed area as required in that certain Agreement for Right of Way, Pipeline Easement and Surface Access, dated October 6, 2010, by and between Carl R. Hale and Marlene G. Hale and EOG Resources, Inc., now BBC.

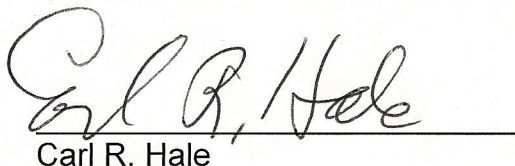

If this accurately reflects the agreement, please signify your acceptance below. If you have any questions do not hesitate to call me at (303) 475-7808. Thank you for your consideration and continued support.

Sincerely,

BILL BARRETT CORPORATION

  
Michael A. Rutherford  
Landman

Agreed to and accepted this 19 day of September, 2013 by

  
Carl R. Hale
